

# HSDC

## “Who We Are ...”

William F. Tucker  
Sr. Technology Manager  
01/25/09

## HSDC Lab

- CTC - Largo FL has managed this program which provides first responders with voice, high speed video and data to/from the field
- Provides real time situational awareness
- Integrated with other ARDEC programs to help advance the Homeland Defense mission and provide significant contributions to the Technology Testbed
- Looking forward to Project National Shield evolving nationally with CTC continuing to play an important role in the collaboration between DoD, Homeland Security and state and local entities

# HSDC Lab

- CTC Largo FL continuing to expand Information Sharing Capabilities to meet critical needs across federated COIs, Jurisdictions, and Agencies:
  - Modeling and Simulation
  - Information Sharing Core Competencies
    - Information Transport
    - Information Interoperability
    - Information Security
    - Information Availability
